FINDINGS OF FACT

The following Findings of Fact ("**Findings**") were made after a review of the entire record available to the Hearing Committee in this matter. 30. On June 8, 2005, in the Supreme Court of the State of New York, County of Queens, Roger J. Brick was convicted of the crime of Enterprise Corruption, N.Y. Penal Law §460.20 (1)(A), a B felony, based on a plea of guilty, and on September 6, 2005, Roger J. Brick was sentenced to imprisonment of 1 year to 3 years, a \$10.00 CVAF, and a \$200.00 surcharge (Department's Exhibits # 32 and # 36); (admitted by Respondents).

31. As of November 18, 2008 Respondents (Aviyon, Competent, Eshel, Midwood, Oberon, Primavera, Refuah, Restorative, Tai Yang, and Trastevere) had active or current status with the Department of State and/or the Education Department, Office of the Professions (Department's Exhibits # 37 through # 55).

32. In and after the late 1990's, Respondents (Aviyon, Competent, Oberon, Primavera, Restorative, Tai Yang, and Trastevere) through its sole member and manager, Roger Joseph Brick, M.D., knowingly permitted and allowed the ceding of the operation, control, management, and/or (de facto) ownership authority of said Respondents to a person, Arthur Bogoraz ("**Bogoraz**"), who was not a licensed physician but rather a layperson. Joseph Roger Brick, M.D. and Bogoraz entered into an arrangement, whereby Joseph Roger Brick, M.D. received one-third of collections received (from insurance companies for treatment for EMG's and physical therapy he performed), 10 to 15% for acupuncture treatment performed, and 10% of collections received from insurance companies for MRI's performed. Mr. Bogoraz received two-third's of collections received (or as otherwise

adjusted) purportedly as management fees paid to one of Bogoraz's management companies. These percentages were fixed and would not change based on the amount of services Bogoraz provided or the financial condition or profitability of said Respondents. Bogoraz operated, controlled, and managed every aspect of said Respondents, and was the de facto owner of said Respondents. Joseph Roger Brick, M.D. had no involvement with or access to information about said Respondents' financial operations, hiring, firing, or supervising office staff or other medical professionals (other than being consulted regarding physical therapist competency and basic protocols), was not a party to nor aware of the arrangement by which office space was obtained, and did not share in any profits generated by said Respondents (Aviyon, Competent, Oberon, Primavera, Restorative, Tai Yang, and Trastevere) (Department's Exhibit # 31).

33. That in or around 1998 and 1999, Respondent Eshel, through its sole member and manager, Dr. Roger Brick, knowingly permitted and allowed the ceding of the operation, management, control, and/or (de facto) ownership authority of Eshel to a person, Jacob Kagan ("Kagan"), who was not a licensed physician but rather a layperson. Dr. Brick and Mr. Kagan entered into an arrangement, whereby Dr. Brick received one-third of collections received (for treatment he provided and physical therapy he supervised), and Mr. Kagan received two-third's of collections received purportedly as management fees paid to a number of Kagan's management companies. These percentages were fixed and would not change based on the amount of services Kagan provided or the financial condition or profitability of Eshel. Dr. Brick had no involvement or access to information about Eshel's financial operations, hiring, firing, or supervising office staff or other medical professionals (other than being consulted regarding physical therapist competency), was not a party to nor aware of the arrangement by which office space was obtained, and did not share in any profits generated by Respondent Eshel (Department Exhibit # 31).

34. That in or around August, 2000, Respondent Refuah, through its sole member and manager, Dr. Roger Brick knowingly permitted and allowed the ceding of the operation, management, control, and/or (de facto) ownership authority of Refuah to Mr. Kagan, a layperson. Dr. Brick received one-third of collections received (for treatment he provided and physical therapy he supervised), and Mr Kagan received two-third's of collections received purportedly as management fees paid to a number of Kagan's management companies. These percentages were fixed and would not change based on the amount of services Mr. Kagan provided or the financial condition or profitability of Refuah. Dr. Brick had no involvement or access to information about Refuah's financial operations, hiring, firing, or supervising office staff or other medical professionals (other than being consulted regarding physical therapist competency), was not a party to nor aware of the arrangement by which office space was obtained, and did not share in any profits generated by Refuah (Department Exhibit # 31).

35. In or about 2001, Respondent Midwood, through its sole shareholder, director, and officer, Dr. Brick knowingly permitted and allowed the ceding of the operation, control, management, and/or (de facto) ownership authority of Midwood to a person, Yuri Lyubarsky ("Lyubarsky"), who was not a licensed physician but rather a layperson. Dr. Brick and Mr. Lyubarsky entered into an arrangement, whereby Dr. Brick received 15% of the collections received (from insurance companies for treatment Dr. Brick performed or physical therapy he supervised). Mr. Lyubarsky received 85% of collections received purportedly as management fees paid to one of Lyubarsky's management companies. These percentages were fixed and would not change based on the amount of services Mr. Lyubarsky provided or the financial condition or profitability of Midwood. Dr. Brick did not share in any profits generated by Midwood. Dr. Brick had no involvement or access to information about Midwood's financial operations, no involvement with

hiring, firing, or supervising office staff or other medical professionals (other than being consulted regarding physical therapist competency), and was not a party to nor aware of the arrangement by which office space was obtained (Department Exhibit # 31).

36. From Respondents' inceptions through the date of the Hearing, Dr. Brick did not operate, control, or manage Respondents' affairs in violation of Article XII of the LLCL and Article 15 of the BCL. Dr. Brick allowed non physician lay persons to operate, manage, and/or, control a medical professional service limited liability company (Department's Exhibit # 31).

37. From Respondents' inceptions, unqualified individual(s) were instrumental in owning, operating, controlling, and/or handling the financial affairs of Respondents (Department's Exhibit # 31).

CONCLUSIONS OF LAW

The Hearing Committee makes the unanimous conclusion, pursuant to the Findings listed above, that the Factual Allegations contained in the November 11, 2008 Statement of Charges are **SUSTAINED**.

Based on the above, the complete Findings and the discussion below, the Hearing Committee unanimously concludes that the Specifications of Misconduct contained in the Statement of Charges are **SUSTAINED**. The rationale for the Hearing Committee's conclusions is set forth below.

DISCUSSION

Respondents are charged with twenty-three (23) specifications alleging professional misconduct within the meaning of §6530 of the Education Law. The Hearing Committee determined that all of the allegations, as indicated in our findings, and all of the charges contained in the Statement of Charges were established by a preponderance of the evidence. The Hearing Committee concludes that the extensive documentary evidence sustains the allegations.

The Hearing Committee finds that Dr. Brick's affidavit (Department's Exhibit # 31) and his testimony provides sufficient proof that Dr. Brick knew that the Professional Limited Liability Companies were a sham he set up to allow a non-physician to own and operate a three (3) LLCs, six (6) PLLCs, and one (1) PC. The First through Tenth Specifications are sustained.

Respondents Oberon, Restorative, and Tai Yang were convicted of an act constituting a crime under New York law. The Eleventh through Thirteenth Specifications are sustained.

Dr. Brick, on behalf of each entity Respondent, made false representations by indicating that he would operate, manage and control the entity. Dr. Brick knew that the representation to the Secretary of State was false. Dr. Brick intended to mislead through the false representation as indicated in Dr. Brick's affidavit (Department Exhibit # 31). The Fourteenth through Twenty-Third Specifications are sustained.

DETERMINATION AS TO PENALTY

The Hearing Committee realizes that a LLC, a PLLC, and, a PC are penalized differently than an individual physician. We note that Dr. Brick who relinquished his responsibilities by allowing unqualified individuals to run the Respondents corporation is no longer practicing medicine in New York State. The Hearing Committee concurs with the Department (and Dr. Brick) that an annulment of the three (3) LLCs, the six (6) PLLCs, and the one (1) PC included in the Statement of Charges is the appropriate penalty for Respondents' failures to comply with State laws regarding the practice of medicine. The Hearing Committee also concurs that annulment is the appropriate penalty for Respondents' fraudulent conduct.

Annulment is authorized under §1203(d) of the LLCL, §1503(d) of the BCL, and §230(a)(5) of the P.H.L. The Hearing Committee believes that annulment goes beyond revocation in that the corporations will be treated as if they never validly existed from day one and they will be unable to

collect on any accounts receivable. The Hearing Committee concludes that this is the appropriate penalty under the circumstances.

All other issues raised by the parties have been duly considered by the Hearing Committee and would not justify a change in the Findings, Conclusions or Determination contained herein. Specifically, Respondent's arguments are either rendered academic by the Hearing Committee's decision or have been found to be lacking in merit.

ORDER

Based on the foregoing, **IT IS HEREBY ORDERED THAT:**

1. The FIRST through TENTH SPECIFICATIONS (Failing to Comply with a State Law) contained in the Statement of Charges (Department's Exhibit# 1) are **SUSTAINED**; and
2. The ELEVENTH through THIRTEENTH SPECIFICATIONS (Criminal Conviction) contained in the Statement of Charges (Department's Exhibit# 1) are **SUSTAINED**; and
