APPLICATION FOR
MODIFICATION ORDER

ALISON LENTZ, M.D., (Respondent) being duly sworn deposes and says:

That on or about December 10, 1996, I was licensed to practice as a physician in the State of New York, having been issued License No. 205192 by the New York State Education Department.

My current address is Redacted Address Carthage, NY 13613

I am currently subject to Consent Order BPMC No. #05-258, (hereinafter "Original Order"), annexed hereto, made a part, hereof, and marked as Exhibit 1, that was issued on November 3, 2005.

I apply, hereby, to the State Board for Professional Medical Conduct for a Modification Order (hereinafter "Modification Order"), modifying the Original Order, as follows: to delete the paragraphs in the Original Order that state:

- " 1 Pursuant to §230-a(2) of the Public Health Law, my license to practice medicine in the State of New York shall be suspended for a period of three years, with all said suspension stayed."
- " 2 Pursuant to §230-a(9) of the Public Health Law, I shall be placed on probation for a period of three years, subject to the terms set forth in attached Exhibit "B."
- " 3. Pursuant to §230-a(3) of the Public Health Law, my license to practice medicine in the state of New York shall be permanently limited to permit me to practice only in a supervised setting such as a facility licensed by New York State, where close practice oversight is available on a daily basis and where quality assurance and risk management protocols are in effect. substituting therefore:

" Respondent shall never activate her registration to practice medicine in New York state or seek to reapply for a license to practice medicine in New York state."

The Modification Order to be issued will not constitute a new disciplinary action against me, but will substitute the proposed language for the above described language in the Original Order.

I make this Application of my own free will and accord and not under duress, compulsion or restraint, and seek the anticipated benefit of the requested Modification. In consideration of the value to me of the acceptance of the Board of this Application, I knowingly waive the right to contest the Original Order or the Modification Order for which I apply, both administratively and judicially, and ask that the Board grant this Application.

CONSENT
AGREEMENT
AND
ORDER

ALISON LENTZ, M.D., representing that all of the following statements are true, deposes and says:

That on or about December 10, 1996, I was licensed to practice as a physician in the State of New York, and issued License No. 205192 by the New York State Education Department.

My current address is ^{Redacted Address} and I will advise the Director of the Office of Professional Medical Conduct of any change of address

I understand that the New York State Board for Professional Medical Conduct has charged me with twenty-five specifications of professional misconduct.

A copy of the Statement of Charges, marked as Exhibit "A", is attached to and part of this Consent Agreement.

I admit guilt to the ninth, twenty-second and twenty-third specifications in full satisfaction of the charges against me, and agree to the following penalty:

- 1 Pursuant to §230-a(2) of the Public Health law, my license to practice medicine in the State of New York shall be suspended for a period of three years, with all of said suspension stayed.
- 2 Pursuant to §230-a(9) of the Public Health Law, I shall be placed on

I further agree that the Consent Order shall impose the following conditions:

That Respondent shall maintain active registration of Respondent's license with the New York State Education, Department Division of Professional Licensing Services (except during periods of actual suspension), and shall pay all registration fees. This condition shall take effect thirty (30) days after the Consent Order's effective date and will continue so long as Respondent remains licensed in New York State; and

I stipulate that my failure to comply with any conditions of this Order shall constitute misconduct as defined by New York State Education Law §6530(29).

I agree that if I am charged with professional misconduct in future, this Consent Agreement and Order shall be admitted into evidence in that proceeding.

I ask the Board to adopt this Consent Agreement.

I understand that if the Board does not adopt this Consent Agreement, none of its terms shall bind me or constitute an admission of any of the acts of alleged misconduct; this Consent Agreement shall not be used against me in any way and shall be kept in strict confidence; and the Board's denial shall be without prejudice to the pending disciplinary proceeding and the Board's final determination pursuant to the Public Health Law.

I agree that, if the Board adopts this Consent Agreement, the Chair of the Board shall issue a Consent Order in accordance with its terms. I agree that this Order shall take effect upon its issuance by the Board, either by mailing of a copy of the Consent Order by first class mail to me at the address in this Consent Agreement, or to my attorney by certified mail, OR upon facsimile transmission to

I ask the Board to adopt this Consent Agreement of my own free will and not under duress, compulsion or restraint. In consideration of the value to me of the Board's adoption of this Consent Agreement, allowing me to resolve this matter without the various risks and burdens of a hearing on the merits, I knowingly waive my right to contest the Consent Order for which I apply, whether administratively or judicially, I agree to be bound by the Consent Order, and ask that the Board adopt this Consent Agreement.

EXHIBIT "A"

**STATE OF NEW YORK : DEPARTMENT OF HEALTH
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT**

_____X
IN THE MATTER :
OF : **STATEMENT**
ALISON M. LENTZ, M.D. : **OF CHARGES**
_____X

ALISON M. LENTZ, M.D., the Respondent, was authorized to practice medicine in New York State on December 10, 1998, by the issuance of license number 205192 by the New York State Education Department.

FACTUAL ALLEGATIONS

A. On or around February 21, 2003, the Maine State Board of Licensure in Medicine (hereinafter "Maine Board"), by a Decision and Order (hereinafter "Maine Order") issued Respondent a Letter of Guidance, and imposed the following conditions on Respondent's license:

- 1. that she receive therapy at a minimum of once per month. The therapist shall be chosen by her but approved by the Maine Board;**
- 2. the therapy shall center on providing insight into Dr. Lentz's emotional landscape and the manner in which that impacts on patient care, and how patients may, in turn, respond to her;**
- 3. the therapist shall submit a report to the Board by February 11, 2004; and**
- 4. subsequently, the Board shall reconvene and decide whether to change her licensing status;**

based on failure to maintain full and accurate medical records for one patient and having a professional diagnosis of a mental or physical condition that has resulted or may result in the licensee performing services in a manner that endangers the health

and safety of patients.

B. The conduct resulting in the Maine Board disciplinary action against Respondent would constitute misconduct under the laws of New York state, pursuant to the following sections of New York state law:

1. New York Education Law §6530(8) (having a psychiatric condition which impairs the licensee's ability to practice); and/or
2. New York Education Law §6530(32) (failure to maintain accurate records).

C. On or around April 11, 2003, Respondent signed a Registration Application with the New York State Education Department and fraudulently responded "No" to question 1 which asked, "Since you last registered, has any state other than New York instituted charges against you for professional misconduct, unprofessional conduct, incompetence or negligence or revoked, suspended, or accepted surrender of a professional license held by you?" when she knew that the Maine Board had instituted charges against her for professional misconduct and that on or about February 21, 2003, the Maine Board issued a letter of guidance and imposed conditions on her permanent medical license (see paragraph A above).

D. On or around May 5, 2003, Respondent signed an application for an appointment to the medical staff at Lewis County General Hospital, Lowville, New York. Respondent responded fraudulently to the questions in Section P as follows:

1. Respondent answered "No" to question 3 which stated: "Have you ever been involved in a professional misconduct action," when in fact Respondent knew that on February 21, 2003, the Maine Board had taken action against her medical license after an Adjudicatory Hearing was held on the issues of whether Respondent engaged in unprofessional and/or incompetent conduct in the practice of medicine, and on fitness to practice based on a Board-ordered psychological examination (see paragraph A above).
2. Respondent answered "No" to question 4 which stated: "Has your license

to practice medicine . . . ever been limited . . . in any jurisdiction," when in fact Respondent knew that on February 21, 2003, the Maine Board imposed conditions on Respondent's license to practice medicine (see paragraph A above).

E. On or around November 6, 2003, Respondent provided psychiatric care to Patient A (patients are identified in the Appendix), at Lewis County Community Mental Health Center (hereinafter "LCCMHC"), Lowville, New York. Respondent's care and treatment of Patient A did not meet acceptable standards of care in that:

1. Respondent provided Zoloft for Patient A without meeting Patient A, without performing an adequate history and physical examination of Patient A, without arranging to follow up with Patient A and/or without maintaining a written record of this treatment.
2. Respondent provided the Zoloft for Patient A based on statements from Patient A's girlfriend concerning Patient A's condition and prior use of Zoloft.
3. Respondent provided the Zoloft not to Patient A but to Patient A's girlfriend.

F. Respondent provided psychiatric care to Patient B, a male [REDACTED] [REDACTED] from in or around August 2003, through in or around December 2003, at LCCMHC. Respondent's care and treatment of Patient B failed to meet accepted standards of care in that:

1. In or around November 24, 2003, Respondent fraudulently wrote in Patient B's medical record that "...at home, his pm sleep medication will be handled by the adult man living downstairs..." when Respondent knew that it was Respondent's husband who was handling the medication.
2. Respondent provided Patient B with an apartment above hers in which to reside and/or Respondent provided this apartment to Patient B rent-free.
3. In or around February 2004, Respondent revealed confidential medical information regarding Patient B to an acquaintance of Patient B.
4. Respondent assisted Patient B in drafting a letter in support of Respondent, signed by Patient B and delivered by Patient B to the Office of Professional Medical Conduct (OPMC), Syracuse, New York, on or around January 12, 2004.
5. On or around January 12, 2004, Respondent drove Patient B to the OPMC office in Syracuse, New York.

6. Respondent accompanied and/or took Patient B to New York City.
7. Respondent accompanied and/or took Patient B to church.
8. Respondent frequently visited Patient B and/or members of his family at Patient B's mother's home.
9. Respondent visited Patient B at his apartment.
10. Respondent invited Patient B's family to her home for dinner.
11. Respondent employed and/or trained Patient B as an apprentice at her sculpture studio.
12. Respondent divulged personal information about herself to Patient B that was not pertinent to Patient B's therapy.
13. In or around December 2003, Respondent socialized with Patient B at a local tavern.

G. Respondent provided psychiatric care to Patient C, a male [REDACTED], from in or around August 2003, through in or around December 2003, at LCCMHC. Respondent's care and treatment of Patient C failed to meet accepted standards of care in that:

1. On or around December 31, 2003, Respondent met with Patient C at Respondent's home for five hours and/or failed to record this meeting in Patient C's medical record.
2. Respondent visited Patient C at Patient C's home on numerous occasions.
3. In or around December 2003, Respondent took Patient C to New York City.
4. In or around December 2003, Respondent went shopping with Patient C.
5. Respondent failed to make an appropriate clinical diagnosis of Patient C and/or failed to order a urine screen for Patient C when Patient C exhibited increased erratic behavior and/or psychotic symptoms.

H. Respondent provided medical care to Patient D, a male [REDACTED], in or around October or November 2003, in Lowville, New York. Respondent's care and treatment of Patient D failed to meet accepted standards of care in that Respondent provided Patient D with Zoloft at the LCCMHC after the facility was closed, failed to re-activate Patient D's status at LCCMHC and/or failed to note this treatment

with Zoloft in Patient D's medical record.

I. In or around November 18, 2003, Respondent provided medical treatment to Patient E, a female [REDACTED] at the LCCMHC . Respondent's care and treatment of Patient E failed to meet accepted standards in that Respondent failed to record this visit in the patient's medical record until December 5, 2003, and/or Respondent fraudulently dated the addition to the medical record November 18, 2003, when she knew that she had written this addition on December 5, 2003.
