STATE OF ILLINOIS)

COUNTY OF *MCLEAN*

ss.:

ROBERT McENTYRE, M.D., being duly sworn, deposes and says:

On or about July 1, 1977, I was licensed to practice medicine as a physician in the State of New York having been issued License No. 131325 by the New York State Education Department.

My current address is 19 Pendleton Way, Bloomington, Illinois 61704, and I will advise the Director of the Office of Professional Medical Conduct of any change of my address.

I understand that I have been charged with one specification of professional misconduct as set forth in the Statement of Charges, annexed hereto, made a part hereof, and marked as Exhibit "A".

I am applying to the State Board for Professional Medical Conduct for permission to surrender my license as a physician in the State of New York on the grounds that I admit the Specification in full satisfaction of the Statement of Charges.

I hereby make this application to the State Board for Professional Medical Conduct and request that it be granted.

I understand that, in the event that the application is not granted by the State

Board for Professional Medical Conduct, nothing contained herein shall be binding upon me or construed to be an admission of any act of misconduct alleged or charged against me, such application shall not be used against me in any way, and shall be kept in strict confidence during the pendency of the professional misconduct disciplinary proceeding; and such denial by the State Board for Professional Medical Conduct shall be made without prejudice to the continuance of any disciplinary proceeding and the final determination by a Committee on Professional Medical Conduct pursuant to the provisions of the Public Health Law.

I agree that, in the event the State Board for Professional Medical Conduct grants my application, an order shall be issued striking my name from the roster of physicians in the State of New York without further notice to me.

I am making this Application of my own free will and accord and not under duress, compulsion or restraint of any kind or manner. In consideration of the value to me of the acceptance by the Board of this Application, allowing me to resolve this matter without the various risks and burdens of a hearing on the merits, I knowingly waive any right I may have to contest the Consent Order for which I hereby apply, whether administratively or judicially, and ask that the Application be granted.

STATEMENT
OF
CHARGES

ROBERT McENTYRE, M.D., the Respondent, was authorized to practice medicine in New York State on or about July 1, 1977, by the issuance of license number 131325 by the New York State Education Department.

FACTUAL ALLEGATIONS

- A. On or about August 2, 1995, the Department of Professional Regulation of the State of Illinois entered a Consent Order, with Respondent's agreement, placing Respondent's license on probation for five years with conditions including the following: that he not ingest alcohol or mood or mind altering substances not prescribed for therapeutic purposes by a prescriber aware of his addiction; that he attend AA or other self-help meetings at least three times per week; that he submit to monthly random urine screens; that he provide quarterly reports from himself, his employer and his sponsor as to the status of his employment and his sobriety; and that he notify the Department within five days of changing his employment. The Consent Order further suspended Respondent's Controlled Substance Registration for one year and then placed it on Probation for four years under the same terms and conditions as his medical license.

The Consent Order set forth that information had come to the attention of the

Department that Respondent habitually and excessively used Controlled Substances and/or alcohol after he was inadvertently addicted during treatment for a back injury, that this allegation, if proven to be true, would constitute grounds for the suspension or revocation of Respondent's medical license, that an informal conference was held including the Department, Respondent, and their attorneys; that Respondent admits his addiction, has successfully completed an inpatient treatment program, and has been drug and alcohol free since September 2, 1993; and that Respondent knowingly waives his right to have the pending allegation reduced to written charges, to contest such charges at a hearing, or to administrative review of the Consent Order.

If committed in New York state, Respondent's conduct would constitute professional misconduct under the laws of New York Educ. Law §6530(8), i.e. being a habitual user of alcohol or being dependent on or a habitual user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs having similar effects.

SPECIFICATION OF CHARGES

SPECIFICATION

HAVING HAD DISCIPLINARY ACTION TAKEN

Respondent is charged with committing professional misconduct as defined in N.Y. Educ. Law §6530(9)(d)(McKinney Supp. 1996) by having his license to practice medicine revoked, suspended or having other disciplinary action taken, or having his application for a license refused, revoked or suspended or having voluntarily or otherwise surrendered his license after a disciplinary action was instituted by a duly

authorized professional disciplinary agency of another state, where the conduct resulting in the revocation, suspension or other disciplinary action involving the license or refusal, revocation or suspension of an application for a license or the surrender of the license would, if committed in New York state, constitute professional misconduct under the laws of New York state (namely N.Y. Educ. Law §6530(8)) as alleged in the facts of the following:
